The work crew was very organized and kept the work area neat and clean. When the job was finished, they checked for nails and cleaned up the surrounding grounds around the house.

Project: [Repair an Asphalt Shingle Roof](#)

The efficiency, cleanup, detail concern and overall cooperative demeanor far surpassed any other roofing company we had interviewed for the job. Not often do contractors finish the job as quoted in the time frame desired. These guys were outstanding!! We have asked him to do our deck, new shutters, etc. because of his expertise.

can respond better after we have a storm with heavy rain and winds. Since repair we have had heatwave! This will tell me if leak is fixed. overall they were neat, cleaned up after themselves and were quick!

 Doug installed my roof when promised and for the price quoted. He also installed gutters, which look great. I appreciated the care he took with my landscaping to prevent any damage to my bushes. I recommended him to a friend: she is very happy with her roof replacement too. My daughter is now getting a quote from him to install a deck. If you're looking for a roofer (or contractor) he's your guy!

 The work was done in a very professional manner, and completed within the scheduled time period, despite Hurricane Irene. The job site was clean each evening; the crew was professional and polite, and clearly took great pride in their work. I would highly recommend Palmieri Construction and, in fact, have done so to family and friends!
